

VitalCALL
Personal Emergency Response

Enjoy the confidence
to remain independent in your
own home or on the go

Pearl Pendant

Pearl Advanced
Pendant

There is nothing like your own home

VitalCALL is Australia's original provider of personal emergency response services that operates 24 hours a day, 7 days a week. We provide assistance to people who want to live a full, independent and active life, but require the assurance that if assistance is needed, it is only moments away.

When you need it most, the VitalCALL team is right by your side giving you independence and freedom.

VitalCALL GO™

PEARL, GO and PEARL ADVANCED pendant shown. Images not to scale. Availability dependant on stock/region.

The help you need in 3 easy steps

VitalCALL is a personal emergency alarm. When a fall is detected by the pendant or the pendant pressed, a signal is sent to a base unit, which in turn calls our response centre. There is no need to pick up your phone - our response operators will speak to you through the base unit, assess your needs and send help if required. Even if the operator cannot hear you, VitalCALL will send help.

How VitalCALL works

Alert An alert is sent to our response centre when a fall is detected, or the button is pressed on your VitalCALL pendant, or the **HELP** button is pressed on the base unit.

Respond A caring VitalCALL response operator will answer your call to assess your situation.

Help Based on your needs, our response operator will contact a family member, friend, neighbour or emergency services to ensure you get the assistance you need as soon as possible.

**Fall detection feature must be enabled*

VitalCALL GO™

Confidence every step of the way

Whether you are heading to the shops, walking on the beach, or visiting friends, the VitalCALL GO™ gives you peace of mind every step of the way.

The VitalCALL GO™ pendant is a mobile personal emergency pendant with 3G cellular and GPS technology for summoning help any time, and from anywhere there is 3G cellular and GPS coverage.

Features

- 3G cellular coverage
- Hands-free communication
- GPS location capability
- Falls detection
- Wireless charging
- Water-resistant (IP67)
- Lost and Flight modes

24/7 Australian-based response centre

The Australia-based VitalCALL response centre operates 24 hours a day, 365 days a year, in the event of a fall, medical emergency or if you just need assistance, VitalCALL ensures you get the help you need no matter the time of day.

Wear it in the **shower**

As many accidents happen around slippery surfaces, VitalCALL pendants are safe to wear in the shower or bath. They are also small and lightweight, meaning you can keep them tucked in under your clothing even when sleeping.

5
